ABSTRACT

Utilizing ERIC (Educational Resources Information Center), DAI (Dissertation Abstracts International), and APA (American Psychological Association) computer search resources and library resources in Tennessee, Minnesota, Wisconsin, and Canada, this bibliography contains 259 citations pertaining to Ojibwa (Chippewa) and other Native Americans. Published between 1937 and 1975, the materials pertain to research concerning psychoeducational assessment and intervention. Subjects covered are: historical, cultural (physical), legal, medical, and economic factors; service delivery systems, classification and labeling; psychological and sociological factors; educational setting; personality appraisal, intellectual assessment; family assessment; assessment in schools; community assessment; and intervention.
